

Effective report writing for internal auditors

**Helping you enhance the
impact of your internal
audit reports**

Internal audit and risk management

**1-2 April 2020
Muscat, Oman**

KPMG Business Academy

Key learning benefits:

Understand the report writing provisions provided in the standards of IIA

Analyze the typical audit report structure

Enhance the impact of your reports

Course overview

Targeted at both new auditors and more experienced personnel, this two-day course encourages audit professionals to challenge their approach to writing audit reports - the end result of weeks of reviews, analyses, interviews and discussions. Audit reports provide information to management on reviewed areas and, more importantly, brings issues to management's attention that need to be addressed. How well you communicate that information is critical to getting the results you seek.

Course prerequisites

Participants should be comfortable with auditing terms and processes and must bring audit reports with them to work on during the course.

Course methodology

This course includes case studies, group discussions and facilitator presentations, which help develop techniques to enhance the quality and presentation of audit reports and underline the importance of effective report writing.

Who should attend

This course is highly recommended for:

- Internal auditors and assurance professionals
- Internal audit managers and supervisors
- Internal audit directors
- Internal control specialists
- Accounting analysts
- Professionals interested in improving their report writing
