LIBOR is incorporated into a broad range of financial instruments covering widespread participants in the financial markets including financial institutions, corporations and consumers

Who should attend

- Banking professionals from Risk, Treasury and Finance, who would like to understand the impact of the LIBOR transition on markets, contracts, products, models and pricing.
- Individuals who want to understand the scope of the impact on corporate dealings and treasury operations

Meet your course leader

Steve Punch

Director
Financial risk management
KPMG Lower Gulf Limited

Steve is chartered accountant with more than 25 years experience in Australia, UK, Japan, New Zealand and Hong Kong. He has worked for Citi, ANZ, UBS and Nomura and joined KPMG in 2011 and runs our Financial Risk Management practice providing risk consulting to banks.

He is a regular speaker at banking conferences and contributes thought leadership to risk magazines, journals and newspapers. He has a deep interest in evolving banking regulation as a means to building stronger banking systems.

Jhiliam Chowdhury

Manager
Financial risk management
KPMG Lower Gulf Limited

Jhiliam is a financial risk management professional with 10+ years of in depth experience in financial modelling- market risk, valuation of derivatives, credit risk including model validation, financial policy evaluation, liquidity risk and BASEL implementation. Jhiliam has attended numerous conferences and regulatory meetings on the topic of benchmark regulations, risk free rate transition and benchmark reform and also working extensively with clients on LIBOR replacement strategy as the market moves to risk free rate alternatives.

Jhiliam joined KPMG in 2018 in our Financial Risk Management practice. She specializes in market and credit risk areas for global markets including US and Europe with special interest in financial model development using statistical tools.
